Arbe Hawley is ill at his home, threatened with typhoid fever. Mrs. Hawley is home from Kalamazoo to care for him.

Mrs. Al Wauchek who is teaching school in Otsego was taken ill with Spanish Influenza while at the home of her mother Mrs. Ida Cole in Allegan, and with her careful nursing is reported better at this writing.

Mr. and Mrs. John Bailey have received word from France, that their son Eugene (Pete) is recovering from a second operation in a hospital there. He was wounded in the hip with shrapnel, and a second operation was necessary to remove all the pieces.

The village was startled last Friday by the sound of the fire alarm. De fective electric wiring had caused a blaze in the Clarence Brown home. It was extinguished however with but slight loss. Mr. and Mrs. Brown are extremely grateful for the prompt response of the fire department.

Mr. and Mrs. Will Howe and Mrs. Will Knight motored to Allegan last week Friday to spend several days with Mrs. Ida Cole and daughter Mrs. Al Wauchek. Mrs. Wauchek was stricken with Influenza that morning and the party returned home immediately, being notified before entering the house of the illness.

Mr. and Mrs. James Ayars received word this week that their son James is very sick with Influenza in the Base Hospital at Camp Grant. He was stricken very suddenly last week Wednesday after morning drill. As stated in these columns some weeks ago, this young man was one of a few selected from the Northwestern College to attend the Officers Training school at Camp Grant.

Mr. and Mrs. John McFarlin received a letter on Wednesday from their son Grant, dated from "Somewhere on the Firing Line" in France, stating that Clair McFarlin had been severely wounded again, and that in all probability he would be sent home as soon as he was able to be moved. He has not yet fully recovered from his first shrapnel wounds, but had evidently gone back to his company at the front.

The question is frequently asked, "How much does it cost the Government per day to feed its soldiers?" An official report of the Treasury department announces that it costs about forty-five cents per day. Officers pay for their meals and it costs them approximately \$1.00 per day. The only practical difference between the officers and privates, table, the report states, is mostly in linen, china and service. Another question of interest is, "Is the Bread provided for soldiers made of Part substitute flour or pure wheat flour?" On this point, the Treasury department says:—"Our men in service here have used a greater amount of substitutes than the Food Administration has asked of the Civilian trade; but our soldiers in France have bread—plenty of it—made from 100 per cent wheat. It might also be interesting to know that the coffee served is roasted in camp fresh every day. They are thereby provided with a better quality of coffee and at a saving of about two cents per pound

Tuesday, October 29th, 1918 at 9:30 A. M. on the farm of L. E. Shepard three miles south and one-half mile west, there will be held an outdoor meeting of Muck Crop Growers of the vicinity of Paw Paw, to consider the various problems confronting this class of farmers. Ezra Levin, Extension Specialist in Muck Crops will be present and address the growers after which an effort will be made to get some Demonstration work on these crops arranged for during 1919. All farmers as well as Muck Crop Growers are invited to attend this meeting.

Mrs. Margaret Pence passed away at the home of her son Henry D. Pence, Sunday, October 20th, aged eighty-seven years, six months and nineteen days. She was born in Tuckarora County, Ohio and at the age of twenty years was married to Christian Pence with whom she lived a little over fifty years. Since his death she has made her home with her son. She was the mother of six children, only one of whom survive. About two months ago she fell and broke her hip, which with old age, caused her death. The funeral services were held from the home of her son at two o'clock Tuesday afternoon conducted by Rev. I. P. Bates with burial at Alpena.

EAGLE LAKE

Arlene Hinckley is sick with Influenza but is improving. The Lyle school is closed for the week.

Edwin Nehr and wife, Will Vishing and wife and daughter, were callers at the V.C. Sherrod home last Sunday.

Mrs. Grant of California, a sister of Mrs. Roll Larkins is very ill and no hopes are entertained for her recovery.

The many friends of Mabel Schuneman will be very sorry to learn that she is ill.

Mrs. Phillip Lee and daughter of South Bend visited her sister, Mrs. Eva Orr.

Sports Do Not Injure Heart.

Surgeons in Europe who have used X-rays to test athletes' hearts have decided that athletic sports, if properly conducted, do not injure that organ.

Automobile Alarm Whistle.

An alarm whistle to be mounted on an automobile cylinder valve cap is said to be about ten times as powerful as the type sounded by a car's exhaust.

Both Good and Busy.

Wretched is the worker who has retired permanently from active life, for his accumulated fortune cannot give succor to the weary sorrow of idleness. Miserable is the woman whose sudden fortune has exempted her from the need of attention to pleasant household cares. If you would be happy banish unhappy memories. Recollect the good in men and forget the bad. Be as virtuous as you possibly can and busy yourself about something.—Exchange.

JUNIOR RED CROSS

The demand placed on the Junior Red Cross for property bags has like all other requests been promptly met by the Van Buren Schools. These are individual bags made for the soldiers and are of good quality cretonne. When attached to a soldier's bed or bunk they are very handy in holding various articles and belongings which without this little convenience or camp comfort, might be strewn around or eventually mislaid or lost. The county furnished 226 bags. The order was all placed on the Juniors, but, because of the epidemic and the closing of schools, the Senior Red Cross workers helped fill the quota. Several schools are entitled to credit for this work and special mention must be made of the fine showing of Mrs. Esther Warner and the Lawrence schools. This town ship with Mrs. Warner as its efficient chairman, furnished one hundred bags. From the beginning of the war, Lawrence has been foremost in furnishing men, money and community morale. Likewise their Juniors are active and well organized.

Mrs. Nora Culver who has just nicely started the work of organizing Arlington, furnished double the quota she originally pledged.

The Spanish Influenza is about and most schools are closed, teachers and pupils in other districts are sick, but up to date the remaining schools have met all emergency calls in fine shape.

Pupils should watch the first of these notes in November. Then the County papers will tell you what is outlined for that month. Don't spend your time bothering your mind what ever it is, great or small, it will be done. The teachers creed is, "My school will do it." The pupils creed is, "I am going to help do it."

The plan of letter by schools to soldier and sailor boys from their community planned for November has been done away with as the government felt that at this time with increased mail and packages the congestion must be removed rather than increased.

Commissioner Root will mail you bulletin number 24. This is put out by the State of Michigan. This will furnish work for all grades for the month of November.

Let every school have this in mind. I do not know when my country is going to ask me to do something. I will be organized for any call that comes. In the meantime I will do all I can in a useful productive way, but will make only such articles as are wanted and can be used. But all the time I will develop the educational side of the Junior work by practical every day study of current events, history, civics and all other matters of general information of my country and the World War.

DAYTON CORNERS

Mrs. Mildred Davis is quite sick with the Influenza at the home of her parents, Mr. and Mrs. Ed Alway at Gobleville.

Mrs. Lena Weatherwax and Hazel and Vena Hawkins were all sick with the Influenza last week and confined to their beds. Mrs. Mary Warner helped to nurse them part of the time.

Miss Edna Dibbler entertained a company of guests in honor of her mother's forty seventh birthday. Those present were Mrs. Johnson and daughter Alice of Battle Creek; Mr. and Mrs. Hurd of Elgin, Illinois; Mr. and Mrs. Carlyle, Mr. and Mrs. Dee Davis, Mr. and Mrs. Elmer Davis and Lynlow. Miss Edna assisted by Lynlow served a very dainty and attractive six o'clock dinner. Mrs. Dibbler received several very nice Birthday gifts.

Mr. and Mrs. Amos Stevens and Mildred Warner of Battle Creek were visitors at the home of Mr. and Mrs. Arthur Warner last week Tuesday.

Fred Gay has purchased a Ford car and is contemplating an auto trip to Virginia for the winter.

Which kind are Yours?

There are only two kinds of Clothes—those that save and those that waste. If you buy wasteful clothes you are depriving the government of needed resources of material and labor. : : :

If you want to save, insist on clothes of good quality; all-wool materials; reliable tailoring. One such suit can be made to do double service this year if you wear it carefully and keep it well pressed. : : : : :

Our duty is to see that you get such clothes, and we know we can meet our obligations best by offering

Better Buy Your

Horse Blankets

At Once

Owing to the Wool and Cotton situation, less Blankets for horses were made this summer than usual. The Government has taken a large portion of the Blanket Mills product for the Army.

We were fortunate in buying our stock last December for this winter's use. The stock is in now. Retailers who did not order early are short on stock at this time.

There will soon be a serious shortage. Our advise to you is to get busy now.

At the present time Stable Blankets have advanced from 25 to 35 per cent over what we bought at. Street Blankets are up from 50 cents to \$1.00 each.

We look for more advances within a month. We have a few All-Wool Auto Robes priced very low considering present market values.

Auto Tires

May be Scarce Next Season

The Government has cut off a portion of the production.

We believe that it is good judgement for Car owners to secure their tires this Fall or during the Winter for the coming season's use.

Buy a Good Tire—its cheaper in the end.

Try a "Horse Shoe" brand next time. They are good. They are a 5000 mile tire.

Out of all "Horse Shoe" Tires sold by us this season, not one has been sent in for an adjustment.
